

An Astounding Encephalonic Effect!

Combines Telepathy, Teleportation and ancient Egyptian witchcraft

(well, okay, that last thing about the witchcraft, that's not true, but the other stuff is)

Uses YOUR brain and the brains of others

Uses something you may already have, but in a brand-new way. If you don't have this special something, I've made special arrangements with the manufacturer so that you may obtain it post haste or quicker.

Two spectators think of cards.

The first spectator's card vanishes from the deck.

The magician removes one face-down card from his pocket and places it on the table.

For the first time, the spectator names his card—

the magician turns over the card on the table—it is the first spectator's card.

BUT NOW FOR THE KICKER — THE MAGICIAN SAYS HE'LL DO IT AGAIN!

The second spectator's card vanishes from the deck.

The magician removes a face-down card from his pocket.

For the first time, the second spectator names his card—

The magician turns over the face-down card: it's the second spectator's!

Remember: only AFTER the cards are removed face down from your pocket are they named.
